

ALL NATIONAL GAMES REFEREES

Game schedules are now posted.

You are requested, as soon as possible, to log into zAYSO, where you will scroll through the game schedule and request to be assigned as Referee or Assistant Referee to games convenient to your own schedule. Referee Assignors will review the schedules and decide to approve or disapprove assignments.

Before You Begin – READ THIS

- All Referees will be needed for the Soccerfest, which is being held on Wednesday, so please be ready to request assignment to those matches.
- Do not request matches that include teams from your Section and Area; they in all likelihood will not be accepted. This is a time to get around and see teams from across the USA. The Assignors will help you achieve this objective.
- In the schedule, the Pools for each age and gender are designated with a letter (i.e., A, B, C, D, etc.). If you have a player or players participating in the Games, do not request matches in the same pool where their team is competing.
- Each match has 3 referee team positions: 1 Referee and 2 Assistant Referees. It is expected that Referees will request a balanced schedule each day of 1 R + 2 ARs. The Assignors will help you achieve this balance.
- If you are traveling as a team of Referees, please see the instructions for registering as a team which will allow the team leader to assign other members of the Referee team to the same matches. However, note the provision just above this about balancing assignments on any given day. The Assignors will help you achieve this objective.
- National and Advanced Referees are requested to spread themselves around all the age divisions and genders. The Assignors will help you achieve this objective.
- Youth referees must be at least two years older than the players on the teams where they are officiating. The Assignors will help you achieve this objective.
- Please familiarize yourselves with the Governing Rules for the Games ([click here](#)).
- Please also familiarize yourself with the AYSO Heading Policy described in the Governing Rules which will be in force during these Games.
- Know the duration of your matches and the scheduled kick-off time of the following match. We are on Tournament time in these Games: regardless of when you start a match, end the match 5 min before the start of the next one.
- Try to only signup for back to back games on the same field. Given the tight schedules, even getting to an adjacent field could be challenging if a field gets behind schedule.
- Limit yourself to no more than 4 games per day. Going to be hot and muggy.
- It is strongly recommended you sign up for text alerts on RainedOut details at <http://ng2016.zayso.org/textalerts>.
